HC ORDERS GOVT TO FILL UP VACANT SEATS

POST NEWS NETWORK

Cuttack, July 9: Orissa High Court (HC) Thursday directed the state government to enrol students to all vacant seats at engineering degree colleges with 20 per cent seats under lateral entry system.

A division bench comprising Indrajeet Mohanty and DP Choudhury extended the deadline for enrolling students under lateral entry system and locking choices for colleges by students. Besides, the state govern-

ment has been directed to conclude the enrolment processes within 10 days.

Manoj Samantray and others had filed a case in the HC in this regard. The petitioners had pointed out that at least 20,000 seats in engineering colleges across the state were vacant during the last academic session.

They also expressed apprehensions that this year also many seats will remain vacant if colleges are not allowed to enrol more students under lateral entry system.
